Never lose a *killer idea* again.

Save them with **mimio**
for the Macintosh.®

mimio is the revolutionary new creative tool that lets you capture, save and share your whiteboard creative session immediately – with anyone, anywhere. **mimio** attaches easily to any whiteboard and connects simply to your Macintosh.

You think in Technicolor.
Why put it down in black and white?

mimio captures your creative notes in color detail and saves them for use in any drag-and-drop application. You'll have ideas and drawings as they were originally rendered. And when the meeting's over, you can immediately post your whiteboard creative to the Web or send it to colleagues via e-mail or fax.

Make creative sessions
more productive.

Forget taking notes at creative sessions – now everyone in the room can concentrate on the task at hand. By letting your team focus on creation and not dictation, **mimio** elevates the productivity of everybody in the room.

Capture every stroke, every drawing, every version.

Finally, a *creative tool* that can *keep up with you.*

Simple to set up and use!

- Sets up in minutes.
- Attaches easily to any whiteboard up to 4' x 8'.
- Captures and shares handwritten notes and drawings in real-time.
- Lets you work without interruption.
- Goes anywhere. Portable, lightweight and durable.
- Lets you print and send your creative notes and drawings via the Web, e-mail or fax.
- Drag and drop notes into any Windows® or Macintosh application.
- Comes with USB adapter.
